

An award for Varesenews at the “Teletopi”

Pubblicato: Lunedì 5 Dicembre 2011

Varesenews has obtained a special mention at the annual “**Teletopi**”, the **Web TV Oscars**. Already among the four finalists as the “best local information TV service”, Varesenews obtained acknowledgement for the “**best web TV format, or editorial plan**”, after they produced an editorial plan that combines local information and a business model extremely well.

The award was presented during the annual meeting of FEMI (**Federazione Media Digitali Indipendenti** – the Federation of Independent Digital Media) which it took place on Thursday 1 December 2011, in Bologna. The award was decided by a jury of ten journalists, experts in new media and critics of the world of the printed press, TV and the web (including **Luca de Biase** and **Antonio Sofi**), chaired by **Carmen Lasorella**.
