

## Rai Radio Live talks about the Way of Oropa

**Pubblicato:** Sabato 6 Marzo 2021

The Piedmontese itinerary will be told on **Friday 12 February at 12:00 and at 19:00** and it can also be heard again as a Podcast.

The route, **from Santhià to Oropa, winds through territories which are rich in history, art and nature**. It is a journey which was born and structured recently but that has nothing to envy the other better known “cousins”.

We tried it last summer and we talked about it [in this article](#):

If you like slow tourism and you love this type of experiences, we recommend also **“La via Francisca del Lucomagno”**, the path on the ancient Lombard-Romanesque walk which from Constance, in the centre of Europe, leads to Pavia, going through Switzerland and the province of Varese.
