### Mondonico: a small hamlet in Valganna, that is waiting to be discovered

**Pubblicato:** Martedì 21 Giugno 2022

**Mondonico**, which comes under the municipality of Valganna, is located on the mountain of the same name.

The **hamlet** offers truly **extraordinary panoramic views** across the valleys of **Varese** Province. Despite the **narrow street**, it is easy **to reach** by car, from both **Ganna** and **Bedero Valcuvia**.

#### How to get to Mondonico

**Mondonico** is easy to reach, by **car** and on **foot**. If you come by car, set off from **Ganna** (**via Mondonico**), or from **Bedero Valcuvia** (**via Madonna degli Alpini**); in both cases, the road is **simple**, but there are some very **narrow sections**. On arriving in Mondonico, the **car park** is in **Via Giuseppe Garibaldi**. If you want **to come** on **foot** from **Ganna**, simply follow the road (**Via Mondonico**). From **Bedero Valcuvia**, you should walk along the **Cadorna Line** (where you will be surrounded by artefacts and trenches of the **Northern Frontier**) to **Via Giuseppe Garibaldi**.

Mondonico is located not far from another popular place in Valganna, the Ganna Peat Bog, a place that, in winter, offers a truly enchanting experience.
